

# Mayo Amyloid Support

Many people with amyloidosis turn to family and friends for support. We offer a support group at Mayo Clinic for those who seek support and encouragement from other patients that share the same illness. The intention of this group is not to address questions specific to one particular person's medical treatment; but rather, to provide an opportunity for patients, friends, and family to meet and connect with others with amyloidosis.

WHO: any amyloid patient (friends/family members also encouraged to attend)

WHAT: Amyloid Support Group at Mayo Clinic

WHERE: Rochester Methodist Hospital (Eisenberg Building)

Dining room 1(room 65D) from 5:30-6:30 PM
